Self-Portraits

A self-portrait is a picture you draw of yourself. Look in the mirror. What color is your skin? What shape is your face? What shape is your nose and your mouth? What color is your hair? Is it curly or straight?

Some artists like drawing their own face. Rembrandt is a very famous artist. There are many self-portraits of him. Look at the picture. One side of his face is light. The other is dark. There is light behind his head. Why do you think the painting looks like this?

This self-portrait is by the French artist Suzanne Valadon. She likes the color red. She has red hair and a red dress. What color is the background?

3 Circle T (true) or F (false).

- 1 A self-portrait is a picture of your friend. T F
- 2 You can look in a mirror to help you draw a self-portrait. T F
- 3 You can see light and dark in Rembrandt's pictures. T F

Does it float or sink?

Think about a lake...

Can you see stones under the water?

Can you see boats on the water?

Put some objects on the water. Some float on the top. Others sink to the bottom. Why?

To answer this question we need to think about the objects and the water. Is the object light? If it is lighter than water it will float. There is air inside toy ducks. Air is lighter than water. So the ducks float.

Or is the object heavy? If it is heavier than water it will sink. A stone is heavier than water. It sinks to the bottom.

Sometimes it is easy to tell what will float or what will sink, but not always!

3 Think! Check (✓) the correct answer.

Exercise is fun and really good for you. It is very good for your heart. When you breathe, you take in oxygen from the air. Your heart sends the oxygen around your body. When you exercise, your body gets more oxygen and your heart gets strong.

Exercise also makes your muscles strong. You can lift heavier things. Some exercises also make you flexible. This means you can bend your body more easily. It's good to have a strong, flexible body.

Find exercises you like. This can be running in the park, playing soccer, swimming, or riding your bike. Exercise every day for an hour or more.

Dear Parents,

We are happy to say that there's a trip to Apple Farm for all the children in Class 2S. The trip is on Wednesday. On this trip, the children learn about farm life and have fun in the open air.

There are lots of animals on the farm. In the morning, the children can feed the hens and the ducks. They can also see the cows, horses, and goats. The farmer, Mr. James, is very friendly. He teaches the children about life on the farm and about where food comes from. The children can also ride in his big tractor. This is always very popular.

We are traveling by school bus. The bus goes at 9 o'clock, so please don't be late.

Please bring lunchboxes and drinks. Also bring boots, as the farm can be muddy! It is also sunny at the farm, so bring a sun hat too.

Here are some photos of last year's trip.

Best wishes,

Mrs. Evans, Class Teacher (Class 2S)

A desert is a very dry place. It has very little rain and there isn't much water. There are different types of deserts. Some have sand, others have rocks or mountains. There are also deserts covered in ice and snow.

It can be very windy in the desert. In sandy deserts, the wind makes sand dunes. They can look like big mountains.

Plants and animals need water, so how do they survive in the desert? Some plants, like a cactus, keep water in their leaves. Other plants have long roots and take water from under the ground.

Some desert animals drink very little. They get water from plants. Camels can live for a week without water. This is why people often travel on camels in the desert.
